

## ART MARKERS

Prismacolor® Art Markers redesigned with a unique four-in-one system. The new design enables you to increase or decrease pressure, or simply turn the marker one way or the other, creating a variety of line widths. The consistency of the ink flow at both ends is like no other art marker. Low odor. Available in 144 brilliant colors.

SAN65350	Broad Nib	<b>2.85</b>
----------	-----------	-------------

**The TRIA™ System from PANTONE by Letraset Color Markers and Inks.** The Tria system is engineered for maximum performance and flexibility. Each element complements the others giving you every tool you need to create art and comps that represent your vision. The complete color visualization system including bottled inks, interchangeable nibs and a new Letrajert Air Marker.

**Tria Marker** The unique 3-nibbed marker for convenience, consistent color and minimized storage requirements. The markers are refillable, with broad, fine and ultra-fine nibs in one. A full range of 287 colors plus a colorless blender. Alcohol based inks that give you strong color without strong odor. The colors won't smudge on photocopies or laser printouts, and are compatible with Omnicrom and Color TAG systems.
